## **Finn Brothers**

At the shopping mall I'm surrounded by a parking lot Walking down the aisle I was thinking about what I had lost On a Sunday morning my hometown is feeling strange to me In the stadium dark forces are gathering

```
Homesick, for the people that I live with Homesick, for the spirit I'm missing Homesick, for the country that I'm living in
```

First you make me hungry
Then you feed me something I don't want
There's no satisfaction for an aching heart but life goes on
And when I complain I get thrown out of the restaurant

```
Homesick, for the people that I live with Homesick, for the spirit I'm missing Homesick, for the country that I'm living in
```

Homesick, for the people that I live with Homesick
Homesick, for the country that I'm living in
