

# King

Fireball Ministry

If I was listening  
And knew I shouldn't be  
Made all the threats again  
The pain is deafening

The jury couldn't win  
And put the verdict in  
Like many times before  
They closed the coffin door

Leave it all if you had it before  
Turn it out if you wanted it more

If it was all wrong the first time  
It's the last time  
If I was born unbelieving  
Unbelieving

He tried to be defined  
And all the children whined  
It killed the last of them  
The King would fall again

Leave it all if you had it before  
Turn it out if you wanted it more

If it was all wrong the first time  
It's the last time  
If I was born unbelieving  
Unbelieving
