Come a little closer she said
Come a little closer she said
Come a little closer instead
Come a little closer she begged

She never comes
She never has in her life
He tries for a while then says he doesn't mind
She'll get a heart attack

Come a little closer she said
Come a little closer she said
She never comes she never has in her life
He comes falls a sleep like a child

She'll get a heart attack
When she finds out
