

Madame, Madame!

Do you feel my thouch
Does it move you
Groove you
Like it used to do?
Oh, I don't know

Does it turn you on
Or do you resent me
Is it my accent
That you never got used to?
Oh, I think so

The radio keeps playing our song
Whilst we stopped singing along
Our love, love, love fades away

You still get hard
You never go soft
Is it me or is it all the porn you watch?
Oh, I think so

The radio keeps playing our song
Whilst we stopped singing along
Our love, love, love fades away
