

## Pushing

Firefox AK

You're strongly being told  
That your life is too short  
To keep pushing  
To keep pushing  
yourself down

I did not realize  
That you are not satisfied  
I did not realize  
That you are not that happy chap.  
Oh I did not

I did not realize  
That every time  
You reach a new level  
You take one step back  
One step back
