I love the way she enters
The room without a trace
When shoved, then she's not
She's not a threat
I adore the way she carries
Herself with poise and grace
To the point where I think I will forget

Keep the attack short and fast
Let the blow be swift not slow
Keep the attack short and fast
Let the blow be swift not slow

ah ha, ah ha, ah ha
ah ha, ah ha, ah ha

I love the way he stumbles
Down a flight of stairs
They scream in awe
So puzzled, and so amazed
I adore the way he answers
All our silent prayers
We join hands and form a circle
Completely dazed

Keep the attack short and fast
Let the blow be swift not slow
Keep the attack short and fast
Let the blow be swift not slow

ah ha, ah ha, ah ha
ah ha, ah ha, ah ha
