

Can't Stop The Pain

Firehouse

It's been a long time since I saw you
It's been so long since I touched your face
You know there's nothing I can do
That will help to get me through
'Cause I know you won't be there for me again, no, no

If I could dream about tomorrow
If I could dream the night away
You know there's nothing I could do
To get me over you

Can't stop the pain

You used to be there every morning
You had that smile upon your face
But now that smile is turned around
And my world is upside down
'Cause I know you won't be there for me again, no, no

Can't stop the pain

I know I'll miss you
But you will never hurt again
I know you're happy
But now I feel such emptiness inside

Can't stop the pain
Can't stop the pain
Can't stop the pain
