I Live My Life For You

Firehouse

You know you're everything to me and I could never see The two of us apart And you know I give myself to you and no matter what you do I promise you my heart

I've built my world around you and I want you to know I need you like I've never needed anyone before

I live my life for you I wanna be by your side in everything that you do And if there's only one thing you can believe is true I live my life for you

I dedicate my life to you, you know that I would die for you But our love would last forever And I will always be with you and there is nothing we can't do As long as we're together

I just can't live without you and I want you to know I need you like I've never needed anyone before

I live my life for you I wanna be by your side in everything that you do And if there's only one thing you can believe is true I live my life for you

I've built my world around you and I want you to know I need you live I never needed anyone before

I live my life for you I wanna be by your side in everything that you do And if there's only one thing you can believe is true I live my life for you I live my life for you I live my life for you
