

Rock On The Radio

Firehouse

Yeah, yeah, yeah, yeah
Every night and every day
I know what I need to get blown away
I turn it on to overload
And let the power of the sound explode

So come on, everybody let's go
Turn it up - I just gotta have some more
(Gimme that)

Rock on the radio
You turn it up 'till your speakers blow
Rock on the radio
Come on, come on everybody let's go

Like thunder, like dynamite
Ya know I'm gonna blow my speakers up tonight
I'm ready, going all the way
'Cause rock on the radio is here to stay

So come on, everybody let's go
Turn in up - I just gotta have some more
(Gimme that)
