

## Problem (to You)

Fireside

It's not a problem  
Give me the answer

And how can I get close to you  
When all you do is push me away  
And how can I get close to you  
When all you do is push me away

It's not a problem, well, it's a problem to you  
Give me the answer and I'll give you the clue  
You're at your hideout, you're only part of the new  
Turning your back at your own side

And how can I get close to you  
When all you do is push me away  
And how can I get close to you  
When all you do is push me away

You're at your hideout  
You're only part of the new  
Turning your back at your own side  
I'll turn the other cheek to you

And then you'll pay, and then you'll pay, and then you'll pay

If it kills you why don't let it slip away  
Ain't it really just a way to hide away  
In so many ways you and me we're just the same  
Such a perfect thing to say when you hide your face

It's not a problem, well, it's a problem to you  
Give me the answer and I'll give you the clue  
You're at your hideout, you're only part of the new  
Turning your back at your own side

And then you'll pay, and then you'll pay

It's not a problem, well, it's a problem to you  
Give me the answer and I'll give you the clue  
You're at your hideout, you're only part of the new  
Turning your back at your own side
