

One touch, one breath
I'm drowning in your sweet confusion
I won't let go as long as you will show your passion
One path, one step, the road leads you out to nowhere
No fear, it's clear, I'll be there for you

I never knew
That I could feel this way
Out of the blue
Memories remain

See your destiny here it comes
You're reaching for tomorrow
Leave your misery, seize the day
It will make you stronger
We can run away
Come alone and forget your sorrow
Oh it's your destiny

I see the signs but I stand still
Can't leave you, behind
Because you mean so much to me

You never knew
That you could feel this way
Out of the blue
Memories remain

See your destiny, here it comes
You're reaching for tomorrow
Leave your misery, seize the day
It will make you stronger
We can run away come alone
And forget your sorrow
Oh! It's your destiny
