

## Healing Tool

Firewind

Take a good look around you,  
Do you like what you see?  
Or will you repress a fake life I guess,  
In a world that's corrupted?

You are frozen in a desert,  
Though you workin' like a dog.  
Will you confess that you're drawn in a mess,  
You are floating in your own grief.

You need a healing tool to see,  
That's the way it's gotta be.  
Some kind of healing tool for you to tell me how you feel.  
Who needs a healing tool to live, is it you or is it me?  
You have to open up your mind.

I wont be around any longer,  
The fallen angel you fear,  
Take a good guess,  
You came on the list,  
In a world of wannabes.

Lightning visions was your line, not so kind.  
Nothing's for free in this world that we see,  
You are floating in your own greed.

You need a healing tool to see,  
That's the way it's gotta be.  
Some kind of healing tool for you to tell me how you feel.  
Who needs a healing tool to live, is it you or is it me?  
You have to open up your mind.

You need a healing tool to see,  
That's the way it's gotta be.  
Some kind of healing tool for you to tell me how you feel.  
Who needs a healing tool to live?  
Who needs a healing tool to live?  
You have to open up your mind.  
Open up your mind
