

Glowing Crosses

Fireworks

The night is high
My moon is down
And the wolves walk 'and walk the town
'Could you see the clouds?
'I'm the '

In the other night just screwing things
Yeah, I felt it growing things
You know I'm barely hanging on?
I'm falling and don't fall on
I can call it cross, cross, cross like a glowing cross

That day I heard songs at the radio
This model is knocking on'
And since you can't get enough
All these ..
I thought I end this song
I thought I just end up
Just end up

In the other night just screwing things
Yeah, I felt it growing things
You know I'm barely hanging on?
I'm falling and don't fall on
I can call it cross, cross, cross like a glowing cross

God has a door for you
But keeps it locked
Man can't walk on water
So I feel so doubt

In the other night just screwing things
Yeah, I felt it growing things
You know I'm barely hanging on?
In the other night just screwing things
Yeah, I felt it growing things
You know I'm barely hanging on?
I'm falling and don't fall on
I can call it cross, cross, cross like a glowing cross
