

Ghost Town

First Aid Kit

1. All of these ghost towns I keep travelling through
All of these traffic signs and lonesome bars blindsiding me and you
And I swear I can be better
I could be more to you
But there are things that lie in my path
That I just have to do

R: If you've got visions of the past
Let them follow you down
For they'll come back to you someday
And I found myself attached to this railroad track
But I'll come back to you someday
To you
To you
To you
Someday

2. And I remember how you told me all that you wanted to do
That dream of Paris in the morning or a New York window view
And I can see it now you're married and your wife is with a child
And you're all laughing in the garden and I'm lost somewhere in your mind

R: If you've got visions...

3. Maybe I should just turn around and walk away
For no matter how much I really do want to stay
You know I can't no, it's too late

R: For I've found myself attached to this railroad track
But I'll come back to you someday
To you
To you
To you
Someday
