

Hard Believer

First Aid Kit

1. So you ask for my opinion
Well what is there to say
To be honest and just foolish
Won't make you wanna stay
You've got to go on and get moving
And I can't do that for you
Got so many plans
and so much you want to do

R: Love is tough, time is rough
Love is tough, time is rough on me

2. Well I see you've got your bible
Your delusion imagery
Well I don't need your eternity
Or your meaning to feel free
I just live because I love to
And that's enough you see
So don't come preach about morality
That's just human sense to me

R: Love is tough, time is rough
Love is tough, time is rough on me
On me-eeee .. on me-eee ...

And it's one life and it's this life
And it's beautiful
(repeat)
And it's beau .. beau .. beau ... beautiful

Love is tough, time is rough on me
