

## Confront

## First Blood

Face to face with my enemy...  
What can I do? What should I say?  
State my case or live in disgrace  
And forever hang my head in shame? NO!

State to state, sea to shining sea  
From every nation and every land  
Standing up as citizens of the world  
As a counteracting force against the...  
Powers that be who will lie and deceive  
Without a single ounce of shame  
Unless we get in their face and publicly disgrace  
For what they've done not in our name

WHAT IT'S ABOUT: Truth and justice  
GET ON YOUR FEET! Rise up and start...  
CALLING THEM OUT for their crimes against humanity  
Stand up and fight for what you believe

FIND A WAY to unite and join forces  
BREAK THE CHAINS that have been holding you down  
PAVE THE WAY for others to follow  
Become the force that cannot be denied

For... the ones with a higher calling  
Those... who question authority  
Who... The ones with the courage to...  
CONFRONT the criminals OF THIS WORLD

FOR... the messengers of the truth  
THOSE... who challenge authority  
WHO... the ones with the courage to...  
CONFRONT... and never hang their head in shame

No justice, no peace  
For the oppressed, for the betrayed  
Leading the fight as we are shining the light on the crimes they won't  
escape  
Now that long gone are the days where they keep getting away  
With their sick and twisted games  
Because now we know if we do nothing  
Then nothing will change

So we stand up for those in honor's name

FOR THOSE WHO CONFRONT the criminals of this world  
And send a message face to face
