## **Get Confused**

## Fischerspooner

Do I like to have confusion? Yes I do Am I, am I in any danger? Yes I am Do I like what's happening? Yes I do And can I deal with it directly? Yes I can I take the trouble, I take the time I get the feeling that I'm doing what's right I may be reckless, maybe a fool But I get excited when I get confused Will I have to start all over? Yes I will Had I the right to make those statements? Yes I had Shall I meet with opposition? Did I justify my actions? Have I forgotten what the question was? Yes I have I take the trouble, I take the time I get the feeling that I'm doing what's right I may be reckless, maybe a fool But I get excited when I get confused Have I forgotten what the question was? When I, when I, when I get confused.
