## **Never Win**

## Fischerspooner

Chorus I don't need to need you Tell me what to do Tell me what to say Don't you wanna help me Tell me what to do Help me find a way If I was not me I would hate me too Just like you do I don't need to need you Tell me what to do Tell me what to say

It's all made worse by a simple scheme You're slipping away from me Can't decide sometimes if it's worth the point The point is the struggle, insecurity

Hopefully, you make no mistake If you learn from what you've got to take Good or bad, it's all gonna add up in the end but, You can never win.

Chorus x 1

And it's the desperation to hold on to Something that can't be held on to So, Don't waste your time filling up my words Don't tell me why, assume the worst.

Hopefully, you make no mistake If you learn from what you've got to take Good or bad, it's all gonna add up in the end but, You can never win.

Don't thank me, Don't tell me how, Don't break me down, Don't help me make it,

I don't need to need you Tell me what to do Tell me what to say Don't you wanna help me Tell me what to do Help me find a way
