

Exit Wound

Fish

There's a hole in my heart the tears in the dark have dried up
and gone by the time that it takes to run through to the end of
the night, through this hole in my heart, a hole in my heart

There's a space in my head a hollow you left by my side in the
bed where I sleep in the shadows of broken dreams in a hole in
my heart, this hole in my heart,

The wounds may have healed but the scars last forever,
On the outside you never could guess, there's barely a sign
But get close and you'll sense that's something's wrong, someth
ing's gone, something's lost, something's over,

This hole in my heart.

There's a place where I go where time is so slow, memories circ
le my mind,
Burning on entry just like falling stars
Through this hole in my heart,

The wounds may have healed but the scars last forever,
On the Outside you never could guess, there's barely a sign
But get close and you'll sense that's something's wrong, someth
ing's gone, something's lost, something's over,

This hole in my heart,
There's a hole in my heart.
