

Something In The Air

Fish

Call out the instigators because there's something in the air,
We got to get together sooner or later because the revolutions
here,
And you know it's right and you know that it's right.
We have got to get it together.
We have got to get it together now
We're together now.

Knock up the streets and houses because there's something in the
air,
We got to get together sooner or later 'cause the revolutions
here
And you know it's right and you know that it's right
We have got to get it together
We have got to get it together now

Hand out the arms and ammo
We're gonna blast our way through here
We've got to get together sooner or later because the revolution
s here
And you know it's right and you know that it's right
We have got to get it together
We have got to get it together now
We have got to get it together now
Now, we're together now, the revolutions here,
It's here, the revolutions here now.
