

Something In The Air

Fish

Call out the instigators because there's something in the air,
We got to get together sooner or later because the revolutions
here,

And you know it's right and you know that it's right.

We have got to get it together.

We have got to get it together now

We're together now.

Knock up the streets and houses because there's something in the
air,

We got to get together sooner or later 'cause the revolutions
here

And you know it's right and you know that it's right

We have got to get it together

We have got to get it together now

Hand out the arms and ammo

We're gonna blast our way through here

We've got to get together sooner or later because the revolutions
here

And you know it's right and you know that it's right

We have got to get it together

We have got to get it together now

We have got to get it together now

Now, we're together now, the revolutions here,

It's here, the revolutions here now.
