

# "Simon Says" The Kingpin

Fishbone

Those lights could be shinin' bright for us and the rest of the  
boys

We'll own the root of all evil if we don't make any noise

If you're good like all the rest

Kingpin shows you all the best

SIMON SAYS THE KINGPIN

SIMON SAYS THE KINGPIN

YIPPIDY YIPPIDY

SIMON SAYS THE KINGPIN

Keep your eyes your mind shut and your mouth open wide

You'll be singing the blues because of them

While the anger builds up inside

Shinin' your shoes so I can be on top

But I just wanna flip you off

Cuz if you let me show expression

You'll be makin' a confession

FOINDIDIHOINDIDIFOINDIDIHOINDIDIHOINDIDI

You can reap the riches and be on your rockin' way

But if you wanna show what's in your heart

The big shot will put you in your grave

But if you wanna be good like all the rest

Kingpin shows you all the best
