

Believe In Something

Fisher

If I could just believe in something
If I could just believe in anything at all
If I could just believe in someone
I'd be happy...

I'd even settle for a false hope
I still believe it's better than no hope at all
Somebody hit me with a pipe dream
And I'd be happy - I'd be happy

I would run up-hill
Without a single care in the world
Hoping soon that I'd be running down
To something

I'd like to believe that somewhere
Someone is writing all the words I long to hear on
A giant billboard for outside my front door
To make me happy
It would make me happy

I would take a chance
-purely from ignorance
Blissfully thinking soon that I'd be coming home
To something...someone

If I could just believe in anything
