

He Rocks My World

Fisher

oh i see him but he dont see me
and my heart beats so faintly
i'd like to show him who i am
but i'm to shy (drums) DAMN...

i'd like to look into his eyes
and he is worth a thousand tries
but he is just a little flirt
and i don't feel like getting hurt.

and heee rocks my world...and he rocks my world.

someday maybe you will see
what this mystery boy means to me
but for now you just don't know
and he is gonna help me grow...
