

Too Late

Fisher

Gone are the chances I have passed by
Sewn all my seeds to the wind
Time can be nothing but pain in disguise
I'll never see you again

And it's too late
To think of what I've left behind
Dreams that have faded from view
Too late Āċ?? too late
I've burned all my bridges with you
And I can't walk on water

The road that I've traveled is all that I know
Paved with each piece of my soul
And it's taken me far but left you behind
And I'm longing to see you again

But it's too late
To think of what I've left behind
Dreams that have faded from view
Too late Āċ?? too late
I've burned all my bridges with you

Did I reach for a sky that wasn't my own?
Lost in my own world
Now I can never come home
To you

And it's too late
To think of what I've left behind
Dreams that have faded from view
Too late there's no turning back
Nothing that I can undo
And I can't walk on water
