

Burn

Fit For Rivals

Go back, back to the beginning
My heart was racing, nothing seemed to faze me
When you turned to me and said, all the time

Burn, burn, burn, baby, why don't we just burn?
And I can't conceive what they want us to be
I know, you know, we know I can't change your mind

They are, they are marching forward
Ready with our chorus
Ready to floor us
But I, I won't sing

Burn, burn, burn, baby, why don't we just burn?
And I can't conceive what they want us to be
I know, you know, we know I can't change your mind

Burn, burn, burn, baby, why don't we just burn?
And I can't conceive what they want us to be
I know, you know, we know I can't change your mind

I know, you know, that we will never make it
I know, you know, that you weren't there
I know, you know, that every time I faked it
I know, you know, that you don't care

Burn, burn, burn, baby, why don't we just burn?
And I can't conceive what they want us to be
I know, you know, we know I can't change your mind

Burn, burn, burn, baby, why don't we just burn?
And I can't conceive what they want us to be
I know, you know, we know I can't change your mind

Burn, burn, burn, baby, why don't we just burn?
And I can't conceive what they want us to be
I know, you know, we know I can't change your mind

Burn, burn, burn, baby, why don't we just burn?
And I can't conceive what they want us to be
I know, you know, we know I can't change your mind
