

Freak Machine

Fit For Rivals

Every time you come around, you come around
You're hotter than a fever
And you got me shaking down on my knees.
You can either run around, run around
I just want your love now so give it to me.

Cause I'm burning inside
And I'm locked in your eyes
And you got me sweating all night long
And I'm feeling alive,
For the first time I'm dying.
Like a moth to a flame
I go to you and I burn

My freak machine
My Saturday
I can't take you off, shake you off, when you got your hands on me.

You got me doin' time
So hypnotized
I can't take you off, and shake you off, no matter how hard I try

Someone call the doctor now, I'm feeling weak
My heart is dropping to the ground,
I don't know how you do it to me,
You say you love me now, love me now
Well, I can make you run around, get closer to me

Cause I'm burning inside when I look in your eyes
And you got me sweating all night long
And I'm feeling alive,
For the first time I'm dying
Like a moth to a flame
I go to you and I burn

My freak machine
My Saturday
I can't take you off, and shake you off, when you got your hands on me.

You got me doin' time
So hypnotized
I can't take you off, shake you off, no matter how hard I try
No, I can't shake you off, shake you off...
(c'mon shake it, shake it)

You gotta
1, 2, 3 baby get on your knees,
You better never let off,
You better do as I please,
So baby

4,5,6 let me get my fix
Cause I'm a sinner and I just wanna mess around a bit.

You gotta
1, 2, 3 baby get on your knees,
You better never let off,

You better do as I please,
So baby
4,5,6 let me get my fix
I want you, I want you, I want YOU

My freak machine
My Saturday
I can't shake you off, shake you off, when you got your hands on me.

You got me doin' time
So hypnotized
I can't take you off, shake you off, no matter how hard I try

NO, I can't take you off, shake you off, no matter how hard I try
Shake it off, shake it off.
