

Burn It Down

Fitz and the Tantrums

I know what you do when our love is on fire
I've been watching you trying to b-b-b-b-b-burn it down
I know what you do when our world is on fire, fire
B-b-b-b-b-burn it down
I know what you do when our love is on fire
I've been watching you trying to b-b-b-b-b-burn it down
I know what you do when our world is on fire, fire
B-b-b-b-b-burn it down

I can see you
Not that you're only dealing in [?]
You're so restless
Wish I was a reader of mind

Let's sit behind this fortress
I built it just to keep the whole world out
It wasn't meant for you
Love was just a prisoner (prisoner, prisoner, prisoner)

I know what you do when our love is on fire
I've been watching you trying to b-b-b-b-b-burn it down
I know what you do when our world is on fire, fire
B-b-b-b-b-burn it down
I know what you do
