

# Keepin Our Eyes Out

Fitz and the Tantrums

We walk the streets, we are stars  
We look for signs to point the way, oh  
Cause we're not invisible, no  
Not gonna let them get away with this, oh

Yeah we're keepin' our eyes out, keepin our eyes out  
Yeah we're keepin' our eyes out, keepin our eyes out

Passin' out the airwaves  
Callin' out the last toll  
Screamin' past the atmosphere  
We won't be long!  
Shakin' up the games played  
Callin' out to everyone  
Reachin' out, reachin' out, oh

We crossed the lines, we are one  
We hold the bricks and built the way, oh  
Cause we're not invisible, no  
Not gonna let them get away with this, oh

Yeah we're keepin' our eyes out, keepin our eyes out  
Yeah we're keepin' our eyes out, keepin our eyes out

Passin' out the airwaves  
Callin' out the last toll  
Screamin' past the atmosphere  
We won't be long!  
Shakin' up the games played  
Callin' out to everyone  
Reachin' out, reachin' out, oh

Hear all the voices, reach out  
Stand up, all the ones they forgot  
Break through the silence, reach out  
We won't be the fallen, stand up!  
Hear all the voices, reach out  
Stand up, all the ones they forgot  
Break through the silence, reach out  
We won't stay silent 'til they break, break, break, break

Passin' out the airwaves  
Callin' out the last toll  
Screamin' past the atmosphere  
We won't be long!  
Shakin' up the games played  
Callin' out to everyone  
Reachin' out, reachin' out, oh
