We Don't Need Love Songs

Fitz and the Tantrums

We don't need no love song
To tell the world
How hopeless we feel
When it's dead and gone
I've been lost without a reason
To keep going on

The truth is you won't
be coming here no more

Cause we don't need no love songs
To feel the pain
Everybody's been through love in vain
We're fools for the heartaches
And blind to the soul
Can't feel the cut
Until the blood hits the floor

And it hurts so good
To feel the way lonely should
Sorrow or comfort
Joy is just a name
You give to her forgiveness
And you take with you the blame

I don't need no love song
To make it real
I saw you coming
And this is how I feel
The truth it can be painful
It hurts to be told
The song is almost over
And it's time to move on

Cause we don't need no love song
We don't need no love song
We don't need no love song
