

Move along, there is nothing to see here
I need you strong, so get over your fear
Just turn it on, on all that you hold dear
Cause something's wrong, and the danger is near
If you slip, you can't change the course of your distance
It's useless, you can't stop the swell of resistance
(there is nothing to see here, there is nothing to see here)
One last song, before we go there
It's been to long, leading to nowhere
The brakes are on, I know that you're scared
Instinct's gone, I am fully aware
One day, we shall inherit the earth, in all its fury
Some way, we will replenish our birth, don't you worry
I say, we will determine our worth
'Till that day, try not to slip on the hurt
[Chorus]
