

# Generation Dead

Five Finger Death Punch

I look around and all I see is evil  
Walking dead disguised as real people  
It's kill or be killed 'cause life is not forever  
It comes apart and then it falls together

I am what you made me  
'Til death do I part

It's the world I've grown to know  
Unforgiving and so cold  
Take it away  
Take it away  
I don't want it

It's a life I'm forced to live  
I've got nothing more to give  
Take it away  
Take it away  
I don't want it anymore

We're generation dead  
We're dead

You see yourself as such a fucking shepherd  
But you trip the blind and then you curse the leper  
Do you really want my true opinion?  
You've taken more than you've ever given

You are what you are  
Until death do you part

It's the world I've grown to know  
Unforgiving and so cold  
Take it away  
Take it away  
I don't want it

It's a life I'm forced to live  
I've got nothing more to give  
Take it away  
Take it away  
I don't want it anymore

Generation dead

Take it away  
Take it away
