

## No Sudden Movement

## Five Finger Death Punch

Live your life  
Like you're a demigod  
You force your weight  
On everything and everyone  
The bars you live  
Behind are made of straw  
How do you see the world  
When you're dead and gone

I did not say what I want to say  
No sudden movements  
No sudden moves  
I did not say whats inside of me  
Right  
Between your eyes  
Nowhere to hide  
Click - clack reload  
Click - clack unload  
Life  
Ain't on your side  
Your out of time  
Click - clack reload  
Click - clack unload

You're a wolf  
Who eats amongst the herd  
You built a bridge  
So you can watch it burn  
Kick and scream  
Your voice is never heard  
Write down your complaints  
And I'll act like I'm concerned

I did not say what I want to say  
No sudden movements  
No sudden moves  
I did not say whats inside of me  
Right  
Between your eyes  
Nowhere to hide  
Click - clack reload  
Click - clack unload  
Life  
Ain't on your side  
Your out of time  
Click - clack reload  
Click - clack unload

No sudden movements  
No sudden moves  
No sudden movements  
No sudden moves  
No sudden movements  
No sudden moves  
Right  
Between your eyes  
Nowhere to hide
