

65 Mustang

Five For Fighting

She's my time machine
She's my rolling memory
She's my family
And I love her so

She knows my secrets well
But her back seat won't ever tell
She's no Jezebel, no

My '65 Mustang rides along
Every mile's another song
And what I don't remember
She never forgets
That little girl ain't let me down yet

It all comes back to me
When I turn that horse's key
And I'm 17 or 23
Or bringing home my first baby
Like Dad did when the '65 was three, yeah

She's been four colors
We've broken forty laws
She goes where she wants
No matter what the cost

No power nothing here
AC's 2 by 75
Yeah, you got it man
You roll'em down and drive

My '65 Mustang rides along
Every mile's another song
And what I don't remember
She never forgets
That little girl ain't let me down yet

It all comes back to me
When I turn that horse's key
I'm 17 or 23
Or bringing home my first baby
Like Dad did when the '65 was three

Don't need to play no new CD's
She's enough music for me
I Don't need no new AC
Cause she's cooler than I'll ever be

My wild Mustang
She's waiting on me
Ready to take us away
Sail across the sea

When I'm on her back
I'm the boy each man should be
She's My Family Tree

My '65 Mustang rides along
Every mile's another song
And what I don't remember
She never forgets
That little girl ain't let me down yet

It all comes back to me
When I turn that horse's key
And she roars to me, I'm 23
Or bringing home my first baby
Like Dad did when the '65 was three

She's my family
