

I Just Love You

Five For Fighting

Lonely, yeah that's the word
I leave my heart when I leave her
The days go on forever and the nights do too

One evening out on the road
A half a world away from home
I thought she was sleeping
When the call came through

I said, Darling, it's late, is everything ok?
Silence took over the room
Til she said

I...I just love you
I don't know why, I just do
When are you coming home?
I'm coming home soon
And I...I just love you, too

Lonely lets me be
For a while she sets me free
I close my eyes and I dream of her

She's lost in my arms
Her head on my heart
And softly she whispers the words

I...I just love you
I don't know why, I just do
When are you coming home?
I'm coming home soon
And I...I just love you, too

I'll never stop being amazed
How my 4 year old girl knows exactly what to say

I...I just Love You
I don't know why, I just do
When are you coming home?
I'm coming home soon
Cause I just love you, too
