

# Stand Up

## Five For Fighting

If you write a tragedy  
Where you can't be saved  
If your dreams put you asleep  
Cause your bed is made

Stand Up Stand Up  
Stand Up Stand Up  
Cause you're falling down

If you have to paint your face  
And you're not a clown  
If you're naked lost in space  
And all you wears a frown

Stand Up Stand Up  
Stand Up Stand Up  
Cause you're falling down  
Stand Up Stand Up  
Stand Up Stand Up  
Before you hit the ground

There is no perfect man  
We are just who I am  
If you don't understand  
Well don't give up

Cause one and one is two  
Enough to get us through  
If I can count on you  
To just stand up

Can anybody out there hear me, hear me  
Can anybody out there hear me, hear me

Stand Up Stand Up  
Cause you're falling down  
Stand Up Stand Up  
Before you hit the ground

Stand Up Stand Up  
Cause you're falling down  
Stand Up Stand Up  
Before you hit the ground

If you have to paint your face  
And you're not a clown  
If you're naked lost in space  
And the world lets you down

If you write a tragedy  
Where you can't be saved
