

# Battle Dancing Unicorns

Five Iron Frenzy

Shut your face  
High school jerks  
We're about to show you how this works  
Are we cool?  
Laser beams  
We're about to awesome all your dreams  
And you'll say, "What are you, some kind of computer?"  
And we'll say, "A cyborg pimp from the future."  
And I'm going def for sheezy  
I'm feeling a bit uneasy.

Let's get this straight:  
Oh yeah, we are the champions  
We'll be battle dancing  
Unicorns  
Oh yes  
Battle dancing unicorns  
It's not too late  
You could gamble on the  
Heavy hitters  
While we're battle dancing unicorns  
With glitter

Twelve-o-clock?  
Party rock  
We're hip- hoppin' and we can't quite stop  
Aggro hair  
Grizzly Bear  
Bet you've never met a thousand-aire  
Then you'll say, "Whatever, I think you're moronic."  
And we'll say, "Not really, we're only bionic."  
And you're still in high school  
But have to acknowledge  
That we are professors at Robot Spy College.  
To be what I just can't  
Impale myself upon the horns  
I'm fighting just to be relevant  
I'll battle dance some unicorns  
I'm battle dancing unicorns / with glitter.
