

## Chew Water

Five Iron Frenzy

I don't rock the jukebox,  
Or hustle the women.  
I'm deep drownin' in trouble and not even swimmin'.  
I can't begin to tell you my toils,  
My trouble is worse than my face being eaten off my boils.  
It's so bad I can't even start to tell you,  
My troubles.

It's not about a dog,  
Or women,  
Or nothin'.  
What you're gonna have to see is,  
I took my cousin Cletus's chew water and I drank it.  
I drunk it all up and now I've got cancer of the esophagus.
