

Juggernaut

Five Iron Frenzy

This seems too big for me
Hulking monstrosity
Too late to get out now
And like the speed of sound
This thing has brought me down
I don't remember how
I want to be free
But Juggernaut is killing me

Freedom like a song
The weak shall be made strong
I may sink before I swim
But I'm not giving in to you
Juggernaut, juggernaut

Beneath machinery
Specter of treachery
And I've lost everything
And I am getting out
The shadow of my doubt
Is suffocating
My own worst enemy
This Juggernaut is killing me

From machines that I have made
I've become the slave
But I've been carried along
Freedom like a song
Freedom lifts me like a song
When the weak shall be made strong
