

# Let Me Be the One

Five Star

Let me be the one  
You give your love to  
Let me be the one  
You give your love to

I hear your records on the radio  
I see you talking on the late, late show  
Every girl wants to be your friend  
Don't you know you're always on my mind  
Oh, how I've missed you since you hit the big time  
Oh, I'm hurting... I just can't pretend

We used to be together  
Makin' dreams  
Makin' plans  
But you left that world behind  
Now I'm askin' you... won't you

Let me be the one  
(Let me be)  
You give your love to  
(The love you need, baby)  
Let me be the one  
(Let me be)  
You give your love to  
(The one that turns your lovin' on)

I see the sadness in your eyes  
Don't you get lonely baby, sometimes  
Lonely for the love that we had  
I'll be waiting when the day comes  
When you need somebody won't you let me be the one  
Come to me  
Put yourself in my hands

We used to be together  
Makin' dreams  
Makin' plans  
But you left that world behind  
Now I'm askin' you... won't you

Let me be the one  
(Let me be)  
You give your love to  
(The one you need, baby)  
Let me be the one  
(Let me be)  
You give your love to  
(The one that turns your lovin' on)
