

Ache

FKA twigs

I'll come when you ask me
Fast train
Make my eyes blue
Your love
Make my night go boom
That's why I need you

In the end
To the beginning
You're suspending me up
With a feeling
From up here
I do surrender
In the trust that up high
Lie here together

I-I-I-I
Ache-ache
For
You-you-you-you
Ah-ah-ah-ah

I beg you to stay-ay-ay
I am lonely without
Your face-ay-ay
Your love
Made my heart go boom
So I might lose myself in you

And I fall
Into your breathing
I inhale all you speak
When I'm sleeping
In my rise I'll be giving
All the things that I hide
When I'm feeling you

[Chorus x2]
