

## Closer

FKA twigs

Now I yearn to follow you in everything I do  
All those years in isolation helped me want for you  
Lead me to a place I'm free from all the wrongs I do  
In, in, in, in return I'll live forever loving you

Closer, I'm here to be closer  
Closer to you, to you, to you, to you  
Closer, I'm ready now closer  
Closer to you, to you, to you, to you... Oh!

In my mind, eternal darkness  
Seemed like it was true (True, true, true)  
Oh so wretched, wretched, wretched, wretched  
My savior knew I was weary (I was lost)  
I was sleepy but you held me through  
Carried me along the sand your footsteps gold and good

Closer, I'm here to be closer  
Closer to you, to you, to you, to you... Oh!  
Closer, I'm ready now closer  
Closer to you, to you, to you, to you... Oh!

All those years in isolation  
Isolation...  
Isolation...
