

## All In

Flame

I'm putting it all on the table man

2-P-1: 3 (2 Peter 1: 3)

I'm all in

2-P-1: 3

The whole team all in too

2-P-1: 3

Game on! KB! Let's go

RIP to the old me (to the old me)

Raisin' the stakes my chips in (my chips in)

We 50 deep and ain't bluffing (bluffing)

My poker face, got on my poker face

Man I'm so far gone like Pluto

Like a running back through that 2 hole

I'm putting it all on that line boy

9th inning grand slam, Pujols

All or nothing, no straight

Got the highest hand, no straight

Got a 10, got a jack, queen, king, and ace

That's a royal flush, if you ain't know

What that mean? Man what that mean?

Rally around me like "Ven aqui"

All that mean is King Jesus

Gave His everything on that tree

Gave His everything when He died

Gave us the winning hand when He rose

2 Peter 1: 3, all things, LORD knows

All or nothing see I ain't bluffing and I ain't flexing

I'm turning up

They pulverized Him, they brutalized Him, they crucified Him

They strung Him up

He resurrected, I rose with Him

That Great Commission, I go get 'em

I'm so fishing, I'm so Christian

I still believe God can sober up

Any- body's- sin- problem

Holy- Spirit - Gospel - got 'em

We just- gotta- be all- in

It worked back then with Paul & them

I'm a stick to the script, I'm all in

RIP to the old me (to the old me)

Raisin' the stakes my chips in (my chips in)

We 50 deep and ain't bluffing (bluffing)

My poker face, got on my poker face

We all in (we all in)

A-a-a-all in (we all in)

Tell me we all in (we all in)

A-a-a-all in (we all in)

A-all in (we all in)

A-a-a-all in (we all in)

Tell 'em we all in (we all in)

If they asking, if they askin

Then we all in

Can you feel that?  
Every breath, every pump in my chest  
Is a blessing  
I'm blessed to give back, back to back to Him now  
Sits high, real rap  
No lie, the impact  
Oh- my- God  
Cause I saw God back in '05  
Want me to stay calm  
You kiddin man I go hard  
I'm a be up in it for a - minute  
When the Spirit livin in me I'm a start and I'm a- finish  
And you gotta deal with it- us  
Making sure that you feel it whenever we step in the building  
F-fearing nobody  
Cause He ain't beat by nobody  
Checked the tomb and found no (body)  
Get it? They found no body  
That's why I go so - Canelo, Ward, and Cotto  
I'm fighting for my country, that's the kingdom  
And you know though  
Hold up, hold up, hold up  
We can bet our lives that we win  
Cause He said He'd get out that grave  
And look at where He's seated

We all in (we all in)  
A-a-a-all in (we all in)  
Tell me we all in (we all in)  
A-a-a-all in (we all in)  
A-all in (we all in)  
A-a-a-all in (we all in)  
Tell 'em we all in (we all in)  
If they asking, if they askin  
Then we all in

RIP to the old me (to the old me)  
Raisin' the stakes my chips in (my chips in)  
We 50 deep and ain't bluffing (bluffing)  
My poker face, got on my poker face

We all in (we all in)  
A-a-a-all in (we all in)  
Tell me we all in (we all in)  
A-a-a-all in (we all in)  
A-all in (we all in)  
A-a-a-all in (we all in)  
Tell 'em we all in (we all in)  
If they asking, if they askin  
Then we all in
