

Power

Flame

He got power man, You ain't never seen it like this
He got power man, His words make the world exist
He got power man, He can turn your situation 'round
I've seen Him do it, do it, do it, do it, do it

I've seen the Lord do a lot of things in my day
Time after time, He blows my mind and He blows my faith
I like to read, and see what He's done in the past
He can do in the present, if His people would ask
I've seen Him shut a whole strip down
Full of strip clubs, now the dude's a Christian now
Wow, now that's power like you've never seen
How He dug in the man, and made his soul clean
Oh, I've even seen Him heal a broken home
Couple couldn't get along, now you be like, get a room
Man, I'm so impressed with His slate
I want to trust Him more and more, and strengthen my faith
Yes, I hope you know it's true, all power's in God's hands
What can't you make it through, the proof is the Godman
Nobody took His life, but Jesus He laid it down
And three days later, yes, He popped outta the ground

He got power man, You ain't never seen it like this
He got power man, His words make the world exist
He got power man, He can turn your situation 'round
I've seen Him do it, do it, do it, do it, do it

Now for the record, we're talking about Almighty God
Please don't forget, what He did with Moses' rod
Please don't forget, when He split the Red Sea
What is a light bill, or a deadly disease
What is a marriage problem, or one that's on the rocks
To the One who speaks to storms, and storms stop
To the One who got Lazarus outta the grave,
Not after one, but two, three, four days
He is the Life, and the Resurrection
You give Him your filth, and get His perfection
I'm trying to get you to see, if He can save a soul
Defeat Satan and sin, all else is micro
And if He chooses to not grant a request
It's not because He lacks power, but He's seeking our best
It's not because He lacks strength, but He's seeking our good
Now go and walk through that trial, like Jesus would

He got power man, You ain't never seen it like this
He got power man, His words make the world exist
He got power man, He can turn your situation 'round
I've seen Him do it, do it, do it, do it, do it

I know some people in my hood, that's been struggling with some things
They've been addicted for so long, they don't think that they can change
Then I tell them about Jesus, and how He can set them free
But they choose to stay away, man now that's just unbelief
But He's worthy to be trusted, He's a keeper of His word
But it's either you don't believe in Jesus, or that's just scared
Now what you're scared of, you shouldn't be scared of your sin
And not trusting in His name, that's the danger you're in

But you ain't gotta stay that way, you can pray and confess
Live a, life of repentance, receive Jesus' best
Himself, His love, His grace, His power
Give you strength in the darkest hour, so you won't be devoured
Give you strength against temptation, because He's stronger than sin
He's much stronger, than your corruption, erupting within
He's much strong, than your addiction to sex or a drug
To alcohol, or a club
Homie, that's what He does

He got power man, You ain't never seen it like this
He got power man, His words make the world exist
He got power man, He can turn your situation 'round
I've seen Him do it, do it, do it, do it, do it
