

Rewind Freestyle

Flame

I can't feel my face
I just got anotha shot a bo-tox in my face
I move at a different pace
Because this is a race
And yes I will get first place,
With no chase
Slice a nigga like a blade
Give a nigga a fade
I don't play

I'm so tiered man, I needsome sleep
But niggas always creep
So I gotta stay on my feet
I gotta stay on beat
I gotta keep people movin 2 the mouta fuckin beat

New shoes on my feet winter fresh sent for every word I speak
