

Are You a Hypnotist??

Flaming Lips

I had forgiven you for tricking me again
But I have been tricked again -
Into forgiving you -
What is this? Are you some kind of hypnotist?
Waving your powers around - the sun eclipse behind the cloud...

I thought I recognized your face
Amongst all of those strangers -
But I am the stranger now
Amongst all of the recognized
What is this? Are you some kind of hypnotist?
Waving your powers around - the sun eclipse behind the cloud
