

She Is Death

Flaming Lips

Dear lover, the light's out
I'm not scared, it's time now
Where are you, crying out
Oh God I feel so low down
I'm sorry if I caused you
Any trouble, never meant to
Told me to move on, I tried to
But there's no life without you

It's a fa-a-a-tal attraction
Sla-a-ave to the passion
Fa-a-a-tal attraction
Sla-a-ave

You haven't called me in two weeks
I lay here patiently
Breathing, bleeding
Check if my heart's still beating
Tell mother, I love her
Wish her daughter, had been stronger
But the fire, took me over
And now you'll never hold her

Still Have to
But I have to

It's a fa-a-a-tal attraction
Sla-a-ave to the passion
Fa-a-a-tal attraction
Sla-a-ave

Nooo I don't wanna let it go
Nooo my body is screaming go for your touch

It's a fa-a-a-tal attraction
Sla-a-ave to the passion
Fa-a-a-tal attraction
Sla-a-ave

Your love is the light in my eyes (3x)
Your love is the light

She cried out, like I cried out
But you never, heard her so loud
Screaming your name, before she came
I should never, scream it again
Cuz soon baby, soon you'll see
It was me, you wanted down deep
Dear lover, I'll always be
Forever yours completely
