The First Time Ever I Saw Your Face

Flaming Lips

The first time ever I saw your face I thought the sun rose in your eyes And the moon and the stars were gifts You gave to the dark and the endless skies

To the dark and the endless skies To the dark and the endless skies To the dark and the endless skies To the dark and the endless skies

The first time ever I kissed your mouth I felt the earth move in my hands Like the trembling heart of a captive bird

That was then at my, that was then at my command, my love That was then at my, that was then at my command

The first time ever I lay with you I felt your heart so close to mine And I knew our joy would fill the earth

And last 'til the end of time, my love And last 'til the end of time And last 'til the end of time And last 'til the end of time

The first time ever I saw your face Your face, your face, your face Your face, your face, your face, your face
