```
When I walk with you, I feel weird.
When I talk with you, I feel weird.
When I'm standing here, I feel strange.
When you're standing near, I feel strange.
All that I know
Is my mind is blown.
When I'm with you.
When I'm with you. (5x)
When I'm...
When you're touching me, I feel great.
When I'm touching you, hallucinate.
When I'm standing here, I feel strange.
When you're standing near, I feel strange.
All that I know
Is my mind is blown.
When I'm with you.
When I'm with you. (5x)
When I'm...
