

## Blood Red Sky

Flaw

Why don't you turn a blind eye  
I need to perpare you  
A blood red skys just around the bend  
You need to know why?  
Does have to scare you  
You need to learn how not to pretend.  
Im lookin inside im about to tell you.  
Your breaking my stride and your at the end.  
Messes dont lie its a mask with in you  
Blood red skys is around the bend  
You live a blood red sky (X2)  
Cryin out for help if you need a friend  
You Live a blood red sky (X2)  
Theres no reason this needs to be the end  
So no more lies  
no more victimizing  
smaller in size, don't you shut your eyes  
See the blood red sky and your at the end  
Try to cover up those scares whatever made  
you could look deep inside but its gonna scare you  
that same shit happened once again.  
Try to help you out, try not to let you  
Can't cover you up those scares whatever made  
You live a blood red sky (X2)  
Cryin out for help if you need a friend  
You Live a blood red sky (X2)  
Theres no reason this needs to be the end  
So much pain (To much pain)  
To much Strain(to much strain)  
So just stay(so just stay)  
Waste away(waste away)  
So much pain (To much pain)  
To much Strain(to much strain)  
so just stay(so just stay)  
waste away(waste away)  
You live a blood red sky (X2)  
Cryin out for help if you need a friend  
You Live a blood red sky (X2)
